- [Doing the actual] self-assessment

Self-assessment

When your self-assessment is reasonable, that will be your grade for the assignment. In this class, what that means is that if |self-assessment-staff grade|≤2, you will receive the average of the two (and also credit for self-assessing well). If they differ by more than 2 points, you'll receive the staff grade. Submitting a self-assessment is a prerequisite for receiving a grade. Even if you miss studio, you are still responsible for submitting a self-assessment.

A2 - Time to share!

- 60 seconds - Presentation
  - who you observed
  - what your major insights were
  - one user need/source of inspiration
- 15 seconds - I like
- 15 seconds - I wish

A3 - Overview
